

Red River Valley Relief

The Red River Valley flood in March/April of 2009 broke a century-old record, cresting nearly 24 feet above flood stage. Volunteers and National Guardsmen were out in force, building levees, and rescuing and evacuating those that need to get to higher ground.

In our effort to support the affected community, recognize tireless effort and in the spirit of rebuilding, Hillarys created a meaningful gift basket filled with sweet and salty treats representative of the crops and livestock that come from this agricultural basin. Our patrons sent special wishes for any number of occasions and helped support the clean-up efforts of the Red River Valley.

A portion of the proceeds of each gift basket will be donated to the Minn-Kota Chapter of the American Red Cross.
